

MHFEET

Ergonomic footrest in natural wood

moveHOP
L'ergonomie by ALBA

Improve your posture and adopt a perfect ergonomic position with this wooden footrest with trendy and sleek lines

Improves posture and blood circulation
in your legs and reduce back pain.
(Prevention of .M.S.D.)

Can be used on both sides thanks to
its wide flat platform on one side
and curved on the other
(inclination: 15°)

Rubber coating on one side
for a soft, comfortable feel

Textured surface for the
other side providing a
massaging and relaxing effect

Integrated handle for
easy transport
Easy to clean

The MHFEET footrest, ergonomic and practical with its 2 usable sides, is a real tool for preventing musculoskeletal disorders (MSD). In addition to reducing back pain, it will allow you to adopt a good sitting position while encouraging blood circulation.

Made of natural wood and with a sleek design, our footrest will fit perfectly in your working environment, whether in the office or at home. Light and practical, you can take it anywhere you want thanks to its integrated handle.
